The project is funded by the Erasmus+ programme KA2 Strategic Partnerships for Youth. National Association of Municipal Clerks in Bulgaria (coordinator) from Bulgaria, GEA College – Fakulteta za podjetnistvo (Slovenia),

A project overview

The IDEANNOVASHIP project aims at developing a specific training programme for young people based on the skills to promote social entrepreneurship. Also, the project wants to “train the trainers” so that the training programme can be spread in different institutions, outside the partnership. The main objective is to increase the employability of young people in Europe through the promotion and creation of new social enterprises. More generally, the project aims at helping young people overcome their fears and motivate them to be protagonists of their working lives.

Activities

- Piloting the Ideate and Innovate Camps in different countries to evaluate differences among participant countries
- Developing a sustainable network of universities, companies, NGOs and associations working for youth
- Contributing to the “Agenda for new skills and jobs” by: 1. improving flexibility and security in the labour market, 2. Equipping young students and NEETs with the right skills for the jobs of today and tomorrow, and 3. improving the conditions for job creation
- Creation of a Facilitator Training Programme on Social Entrepreneurship (FTPSE)
